

NIGHTINGALE: A HARLAXTON NURSING IMMERSION EXPERIENCE

22nd - 28th June 2026

About

Harlaxton College is proud to present Nightingale and Nursing in the UK: A Harlaxton Nursing Immersion Experience. Join us this summer 22nd June – 28th June 2025 in our unique and spectacular grand manor house in the English countryside for a week-long retreat designed for nurses and nurse educators. We will host a series of interactive sessions with local health care providers around the theme of nursing and health care in the British health care system, along with nursing and health care related visits across England. Field trips include historical and cultural sites in London and rural England.

This experience has been approved for ANCC nursing contact hours by Indiana University School of Medicine and will be led by Judith A. Halstead, PhD, RN, CNE, ANEF, FAAN, professor emerita at Indiana University School of Nursing and an independent nursing education consultant.

Harlaxton

Nestled in the picturesque English countryside, Harlaxton College offers you the opportunity to live in an unforgettable setting for an experience you will never forget.

Built in the 19th century, originally commissioned by businessman Gregory Gregory, Harlaxton has a rich history that reflects the grandeur and artistry of its time. Today, it stands as a symbol of the college's commitment to blending tradition with current education.

With its modern classrooms and comfortable accommodations, Harlaxton combines historic elegance with modern convenience.

Students and visitors enjoy access to not only an academic environment, but magnificent state rooms to explore at their leisure.

You'll never forget driving down the mile long drive for the first time and seeing your first glimpse of Harlaxton.

Visits and Harlaxton

Objectives

During your week in England, you will achieve the following objectives through your participation in the program:

- Develop an understanding of the U.K. National Health Service and the comprehensive services it provides to citizens of the U.K.
- Compare and contrast the issues affecting the U.K. nursing workforce to the U. S. nursing workforce.
- Describe the influence and impact of Florence Nightingale on the nursing profession, public health care, and social reform.
- Explore historical pandemic societal responses in 17th century England and implications for contemporary global health care responses.

WE LOOK FORWARD TO
WELCOMING YOU
TO THE MANOR SOON!
