

Hoosier IBD Gut Club Prospectus

The Indiana University School of Medicine and the Inflammatory Bowel Diseases Center at the Division of Gastroenterology and Hepatology will be hosting their quarterly Hoosier Inflammatory Bowel Disease Gut Club on July 15, 2026

The key highlights of the event include:

- a forum to present IBD cases needing medical and/or surgical decisions.
- interactive audience participation with moderator lead clinical question generation at key decision points during the case presentation
- evidence based medicine and best practice evidence supporting clinical decisions after audience discussion.
- 2 cases (35 minutes each) and 15-minute interval topic highlighting recent EBM qualifying for 1.5 AMA CME credits granted by the Indiana University School of Medicine
- opportunity for physicians and surgeons from community and academic health centers in and around Indianapolis to participate.
- residents, fellows, and faculty with an interest in developing a career in IBD are encouraged to participate and present cases.
- option to login remotely through zoom will also be available, although in person attendance is encouraged (till capacity of venue is met).
- physicians and healthcare providers are encouraged to pre-register (for free) but will be expected to RSVP one week in advance to allow for adequate venue space and meal options.
- online registration will continue till the day of the event.
- a forum to network with medical and surgical colleagues and industry contacts with a special interest in IBD in the state of Indiana and beyond.
