

“2018: Geriatrics Connecting with Specialists”

IGS promotes interprofessional older adult team care and encourages all professionals to attend, such physicians, nurses, social workers, pharmacists and others involved in geriatrics, palliative care, mental health, home health, nursing facilities, and community services.

IGS is excited to announce the annual fall conference, “Geriatrics Connecting with Specialists”. This year’s conference will feature nationally known speakers and critical topics including the new AGS Co-Care Ortho Initiative, geriatrics and emergency department collaboratives, Indiana public policy and advocacy, older adults use of opioids , and collaborations of geriatrics with trauma care teams.

Please plan to join geriatric interprofessional colleagues from around the state for this exciting conference!

**Conference will be at Hoosier Village Retirement Community Center
9909 Purple Plum Lane, Indpls, IN 46268**

This activity will be approved for AMA PRA Category 1 Credits™
