Innovations in Advance Care Planning - Panel Discussion

Caring for Adults with Advanced Dementia

Communicating with Children at End of Life Panel Discussion

3:45 - 4:15 pm

Closing Remarks / Large Group Discussion

Pre-Conference Workshop: Mastering Tough Conversations

February 29, 2024 | 8:00am- 4:30 PM

The practice of Hospice and Palliative Care involves conversations with patients and families that are often high stakes and involve complex emotions. The VitalTalk Program (VitalTalk.org) provides constructive communication skills needed when navigating conversations about serious illness.

This interdisciplinary full-day workshop, presented by [IU Talk](#), will be experiential, with each participant working in a small group to navigate challenging cases. The workshop offers the opportunity to practice frameworks for supporting patients who are receiving serious news and deliberating about goals of care. VitalTalk's goal is to help nurture healthier relationships with patients and families.

Our local facilitators have years of experience in guiding sessions and have worked with various groups around the state of Indiana, including Hospice and Palliative Care providers and a variety of others.

There will be 18 seats available at this workshop

Workshop registration fee: \$375

Accreditation Statement

In support of improving patient care, Indiana University School of Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Nurses
