

NORTH AMERICAN
**NEUROENDOCRINE
TUMOR SOCIETY**
Regional NET Education

Saturday, November 4, 2017
Indiana University
Indianapolis, Indiana

NANETS

7:30am - 8:00am

Registration & Breakfast

8:00am - 8:05am

Welcoming & Opening Remarks *Mary Alice Maluccio*

8:05am - 9:00am

Overview of Neuroendocrine Cancers, Diagnostic Methods and Treatment Options

Importance of Individualized Care Within Treatment Standards, Staging, & Neuroendocrine Syndromes

Mary Alice Maluccio, MD, MPH, MPH FACS, Indiana University Health

Standard Endoscopy and Endoscopic Ultrasound *Mohammad Al Haddad, MD, Indiana University Health*

Radiographic Imaging - Getting the Highest Resolution for the Lowest Cost *James Fletcher, MD, Indiana University School of Medicine*

Q&A

9:00am - 10:00am

Diagnostics and Therapeutics in Nuclear Medicine

Evolution of Ga68 Imaging – NOC vs TATE vs “Other” *Mark Tann, MD, Indiana University School of Medicine*

Current Status of Lu177 Therapy *Richard Baum, MD, Brigham and Women’s Hospital*

Investigational New Drugs *James Fletcher, MD, Indiana University School of Medicine*

Q&A

10:00am - 11:00am

Catheter Based Therapies by Interventional Radiology

Therapeutic Platforms – Y90 vs DEB-TACE vs Blanc Embolization *Riad Salem, MD, Northwestern Medicine*

Expectations of Outcomes *Riad Salem, MD, Northwestern Medicine*

Imaging and Treatment Planning *Mark Tann, MD, Indiana University School of Medicine*

Q&A

11:00am - 11:15am

BREAK

11:15am - 12:50pm

Surgical Options: Curative vs Palliative Intent

Managing Intraoperative Crises *John W. Wolfe, MD, Indiana University*

Challenges at the Base of the Mesentery *Chandrashekhar Kubal, MD, Indiana University School of Medicine*

Surgery for Pancreatic Neuroendocrine Tumors *Attila Nakeeb, MD, Indiana University Health*

Appendiceal and Rectal Carcinoid *Bruce Robb, MD, Indiana University Health*

Surgery for Pancreatic Neuroendocrine Tumors *Richard Shane Mangus, MD, Indiana University School of Medicine*

Q&A

12:50pm - 1:30pm

LUNCH

1:30pm - 2:50pm

Medical Management of Neuroendocrine Tumors

Dietary Factors in Patients with Neuroendocrine Syndromes – Managing Nutritional Deficiencies *Nancy Strange, RD, CNSD, CD, Indiana University Health*

Cytotoxic Chemotherapy *Amikar Sehdev, MD, MPH, Indiana University Health*

Clinical Trials *Bert O’Neil, MD, Indiana University School of Medicine*

Choosing Patients for Systematic Treatment *Parag Parikh, MD, Washington University School of Medicine*

Q&A

2:50pm - 3:00pm

BREAK

3:00pm - 3:40pm

Critical Programmatic Infrastructure *Mary Alice Maluccio, MD, MPH, MPH FACS, Indiana University Health*

Multidisciplinary Clinic

Evidence Based Treatment Plan – Personalized Medicine

Survivorship and Quality of Life

Q&A

3:40pm - 4:30pm

Case Presentations

Panel Discussion
