Practical Pearls

Fall Series

Saturday, October 7, 2017

7:45 am to 12:00 pm

Riley Outpatient Center
Conference Rooms A & B
575 Riley Hospital Drive
Indianapolis, IN 46202

**“Get Ready for Winter:
How to beat the blues, bugs,
broken bones, frost bites and
bronchiolitis”**

Course Description

Designed for pediatricians, family practice physicians and others providing primary healthcare to children. This course will review current scientific advances as they apply to daily practice. Participants will advance their diagnostic and therapeutic skills through this highly practical evidence based review.

Course Objectives

At the conclusion of this course, participants will be able to:

- Discern when and how to treat anxiety and depression and when to refer for psychiatric assessment
- Discuss the latest developments in the diagnosis, treatment, and prevention of infectious diseases in children
- Confidently manage/triage common winter sports injuries in children and adolescents
- Define treatment methods for wheeze in infants.
