

# Pediatric Gastrointestinal Update for the Primary Care Clinician | 2019

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

## Accreditation Statement

In support of improving patient care, Indiana University School of Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE) and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

## Physicians

Indiana University School of Medicine designates this live activity for a maximum of 3.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## American Board of Pediatrics (ABP)

Successful completion of this CME activity, which includes participation in the activity with individual assessments of the participant and feedback to the participant, enables the participant to earn 3.5 MOC Part 2 points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit.

## Nurse Credits

See registration page for nursing continuing education information.

**Friday, March 22, 2019**

**Ritz Charles** 12156 N. Meridian St., Carmel, Indiana

**7:30 am – noon**

**KEYNOTE SPEAKER:** Demetrios Stefanidis, MD, PhD, FACS, FASMB, Professor of Surgery

Emily Hon, MD  
Joseph Croffie, MD, MPH  
Amanda Kendall, RD, CD

## COURSE DESCRIPTION

Pediatric Gastrointestinal (GI) Update for the Primary Care Clinician is designed for physicians and allied healthcare providers specializing in family medicine and pediatrics. This program will provide attendees with updates in clinical management of important and/or commonly seen pediatric disorders in gastroenterology, hepatology and nutrition. This live activity will include didactic lectures, panel discussions, case presentations and Q&A sessions to create a highly interactive environment for learners.

## COURSE OBJECTIVES

At the conclusion of this presentation, attendees should be able to:

- Recognize presentation of cyclic vomiting syndrome and abdominal migraines, and identify evaluation and treatment best practices
- Identify appropriate indications for and side effects associated with use of proton pump inhibitors in pediatrics
- Explain the role of and indications for probiotics in children
- Discuss a multidisciplinary approach to evaluation and management of obesity in children
- Recall updates in screening, evaluation and management of dyslipidemia and fatty liver disease in children
- Recognize nutritional interventions to be applied for patients with pediatric obesity
- Identify surgical options and indications for pediatric obesity
